Accessing the new broker website

Our next-generation broker website is now live. Please follow the following instructions to access the website for the first time.

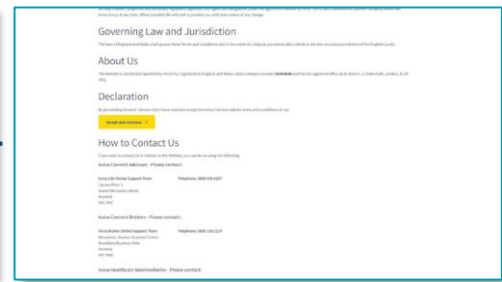

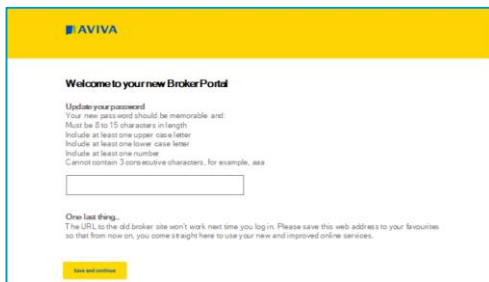

I have an existing Aviva Broker account

1. You'll need to go to Aviva Broker first (broker.aviva.co.uk).

2. Log in as normal. If you don't remember your password, request a reset.

3. You'll then be taken to a welcome page. Hit 'Continue' to carry on.

4. As part of the new website's increased security, you'll need to reset your password.

5. Once completed, we'll ask you to accept that you've read a few terms and conditions. We legally have to do this because it's a new website with lots of changes.

6. You'll then be granted access to the next-generation broker website and your account will be active.

As soon as you've successfully migrated to the new website, your access to the previous site will expire. To ensure you always come back here, make sure you bookmark or save the new web address (URL) as a favourite.

I don't have an Aviva Broker account

You don't need to 'migrate'. To access the new website, simply go to <https://connect.avivab2b.co.uk/broker/> today. If you'd like to make an account, click 'Register' from the homepage.

Make sure you bookmark or save the new web address (URL) as a favourite.

Some useful information

How can I get help and support with the website?

You can contact the Aviva Broker Online Support Team by email, phone or live chat.

Email: avivabrokeruk@aviva.com

Phone: 0800 158 2224

The team is available for phone and live chat from 9am to 5pm, Monday to Friday. Calls may be monitored and/or recorded.
